ⁱ NWLC calculations based on 2008 American Community Survey data and data retrieved from the Tax Policy Center, Table T10-0008 (Jan. 12, 2010), *available at* <http://www.taxpolicycenter.org/numbers/displayatab.cfm?DocID=2597>, and Table T10-0101 (March 9, 2010), *available at* <http://www.taxpolicycenter.org/numbers/displayatab.cfm?DocID=2696>. Estimates are for 2011. Estimates are compared to an extension of ARRA CTC and EITC improvements.

ⁱⁱ NWLC calculations based on 2008 American Community Survey data and data retrieved from the Tax Policy Center, Table T10-0204 (Aug. 12, 2010), *available at* <http://www.taxpolicycenter.org/numbers/displayatab.cfm?DocID=2792>. Estimates are for 2012.

ⁱⁱⁱ All CTC estimates are NWLC calculations based on 2008 American Community Survey data and data retrieved from the Tax Policy Center, Table T10-0008. Low to moderate income households are those in the bottom two quintiles. Income adjusted for family size. Number of recipients is number of tax payers.

^{iv} All EITC estimates are NWLC calculations based on 2008 American Community Survey data and data retrieved from the Tax Policy Center, Table T10-0101. Low to moderate income households are those in the bottom two quintiles. Income adjusted for family size. Number of recipients is number of tax payers.
