

Reform Matters

Making Real Progress for Women and Health Care

CONFERENCE CALL AGENDA
Hosted by the National Women's Law Center
November 12, 2009 (2nd Thursday of each Month)
1:00 PM EST

1. Welcome and Introductions

Speakers on today's call:

- Lisa Codispoti, Senior Counsel, NWLC
- Judy Waxman, Vice President, Health and Reproductive Rights, NWLC

2. HR3962: What does it mean for women?

On Saturday, the House passed historic health reform legislation. While the bill contains many advances for women, the Stupak amendment, which will severely limit the ability to obtain insurance that covers abortion, is an outrageous affront to women's health. There are many questions about the amendment and what it means.

On the call today, we will discuss:

- HR3962 – what does it mean for women's health
- What does the Stupak amendment do?
- What questions do you have about the House bill and the Stupak amendment

3. All eyes on the Senate...

Now that the House has passed their bill, we are awaiting the release of the merged bill in the Senate. What are we anticipating in the Senate – both substance, and process?
