

WE DISSENT

We are over 300 law professors with expertise in health law, constitutional law, and the Supreme Court. Your constituents deserve a Supreme Court that will protect their health and safety, something Judge Amy Coney Barrett has a proven track record of disregarding.

With Judge Barrett on the Court, there is a serious risk that your constituents would lose all of the ACA's benefits and soon be subject to discrimination based on pre-existing conditions, lose their coverage for preventive health care, and face increased out-of-pocket costs to ensure they are healthy.

**A vote to confirm Amy Coney Barrett is a vote to harm your constituents. Please protect them and vote
NO ON HER NOMINATION.**
