\*\*State has insufficient data due to small sample sizes to calculate state wage gap for Black mothers.

Source: National wage gap calculated based on 2019 American Community Survey. State wage gaps calculated based on the U.S. Census Bureau 2015-2019 American Community Survey using IPUMS. Figures are median annual earnings for full-time, year-round workers. Mothers and fathers have at least one related child under 18 at home. Black mothers are those who self-identified as Black or African American. White, non-Hispanic fathers are those who have self-identified as white but who are not of Hispanic, Latino, or Spanish origin."
